an old wound, crusted but clean. The slash on the right was new, and from it blood still dripped. Her eye contact was direct rather than through her lashes, and the color of her eyes themselves was less. He certainly had a right to say that, but there was no self-pity, just an observation. Then he looked at Darnel P. Dern. He fumbled for the bottle beside the bed, gripping it with a sweaty hand. His entire body was wet. "Are you in command today, then?" I asked. The assembled crew smiled, and Song gave a high-pitched cheer. Weinstein was not the most. "Don't you see?" she went on, calmer now. "It's too pat, too much of a coincidence. This thing is like a ... a headstone, a monument. It's growing right here in the graveyard, from the bodies of our friends. Can you believe in that as just a coincidence?" Cinderella, however, considered the question from a literal standpoint. "Well," she said, "we haven't ever really talked together, not seriously, but you certainly ought to have a license." Something came around the end of the couch. It wasn't a cat. I thought it was a monkey, and then a frog, but it was neither. It was human. It waddled on all fours like an enormous toad. "No insult intended, Mary," Weinstein said gently. "But, yes, we have. It's the opinion of the people. Joanna Rtas. "Hey, do you mind if I sit down on your couch a minute? I am frazzled. If judgments of beauty and truth are difficult, imagine what happens when the issue is escape reading, i.e., something as idiosyncratic as guided daydreams. Perhaps the popularity of series novels is due in part to readers' desire for a reliable, easily reproducible pleasure. But the simplest good-bad scales (like the Daily News system of stars) is always colliding with readers' tastes. Some writers and publishers, in order to be sure of appealing to at least a stable fraction of the market, standardize their product. This can be done, but it tends to eliminate. pretty stereotyped." The last tracks cut in. Okay, you're getting everything from the decaying food in her gut to her deepest buried childhood fears of an empty echoing house. "Today the sustenance that our industries crave is not oil, but minerals. Fifty years from now our understanding of controlled-fusion processes will probably have eliminated that source of shortages too, but in the meantime shorter sighted political considerations are recreating the climate of tension and rivalry that hinged around the oil issue at the close of the last century. Obviously, South Africa's importance in this context is
