The cottage in the clearing was still except for a breath of song, wordless and longing, that floated on. "Then come with me," said the grey man, and the rough sailors with cutlasses rose about him and hoisted the trunk to their grimy shoulders? Onvbpmf, came the thick sound from the trunk? and the grey man flung out his cape, grabbed Amos by the hand, and ran out into the street. The computers had pronounced two men of Third Platoon killed and five wounded seriously enough to have been incapacitated. Colman was thinking to himself how nice it would be if real wars could be fought like that, when brilliant lights far overhead transformed the scene instantly into artificial day. He squinted against the sudden brightness for a few seconds, pushed his helmet to the back of his head, and looked around. The dead men and the seriously wounded who had been hit higher up on the slopes were walking down the trail in a small knot, while above them and to the sides, the other three platoons of D Company were emerging from cover. More activity was evident farther away along the gorge in both directions as other defending and attacking units came out into the open. Staff transporters, personnel carriers, and other types of flying vehicles were buzzing up from behind the more distant ridges where the sky ended. Colman hadn't realized fully how many troops had been involved in the exercise. An uncomfortable feeling began creeping into his mind - he had just brought to a premature end an elaborate game that staff people had been looking forward to for some time; these people probably wouldn't be too happy about it. If anyone is a commodity here, it's you and Ralston, by virtue of your scarcity. There will be some thorny questions to resolve there, but for the meantime we will function as a unit, under my command. We'll do all we can to minimize social competition among the women for the men. That's the way it must be. Clear?". And Brace: "Aw, okay. All cut's in free." And once more they have not found you; your secret place. He came in quickly and bolted the door behind him. He didn't notice the open curtain. He glanced around, clicking his tongue softly.
