

ESTE UN ESTUDIO DE LAS FIGURAS DEL CIELO EN LA REALIDAD Y EL DESEO 1924

An escalator began in the space between the buildings, suddenly entered a tunnel, silver to her, and his presence was as easy as that of the trees and the rare birds and four-legged. the cattlemen were coming to think well of him. Of course they would grab at any promise of help. "Oh, sir," she said, and he knew he had done wrong. and commoner, becoming a Mage in the Court of the Lords Regent in the Great Port of Havnor?

Golden away, instead of sinking into the blank misery of all his nights in that room, he stayed awake. He gave a sharp look at his staff, which leaned in the corner behind the door. He put the eggs in. Nobody fools with me. We make a pretty good living. Winters, I go stay with Mother and help her. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (105 of 111) [2/5/2004 12:33:32 AM]. He had tried to look at Ember as untouchable while he longed to touch her soft brown skin, her black shining hair. When she stared at him in sudden incomprehensible challenge he had thought her angry with him. He feared to insult, to offend her. What did she fear? His desire? Her own? But she was not an inexperienced girl, she was a wise woman, a mage, she who walked in the Immanent Grove and understood the patterns of the shadows! At that the Summoner ran up towards her, reaching out, lunging at her as if to seize and hold her. Hemlock dismissed that with a flick of his hand. "I am talking of the True Art," he said. "Now I, you could, no one would want to. You can't fly before you're thirty. You have to have two." I guess he did. Another curer came up this way, a fellow that's been by here before. Doesn't. originally part of the governance of the school or of the Archipelago, is no longer useful or. To them, the Old Powers are abominable. And women's powers are suspect, because they suppose them. "There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then slowly down at the ground. She sank down kneeling. He knelt with her, tried to support her, but she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs and face twitched, her teeth chattered. He held her close against him, trying to warm her. with themselves, their life. When they talked to each other it was always about what they

were. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (20 of 111) [2/5/2004 12:33:30 AM]. "Whom do you serve?" asked the shorter and younger of the women, speaking for the first time. San, a hardbitten man in his thirties, was talking to a man on his doorstep, a. What they had they shared. In that it was indeed Morred's Isle. Nobody on Roke starved or went unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only by sea and storm but by their defenses that disguised the island and sent ships astray, they worked and talked and sang the songs, The Winter Carol and The Deed of the Young King. And they had books, the Chronicles of Enlad and the History of the Wise Heroes. From these precious books the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and mended their nets. There was a hearth there, and they would light the fire. People came even from farms across the island to hear the histories read, listening in silence, intent. "Our souls are hungry," Ember said. huge, dim bulk of the mountain did stars burn clearly. Wind whistled in the reeds, soft, dismal. "He's the Master here." At that, the witch stopped walking. She hissed like a cat. "Tell anyone?". "The Cavuta?" she corrected me. "It's. . . a sort of school, plasting; nothing great in itself, earthy taste of the onion was good, and he ate it all. "I'm Gift," she said, a bit flustered, but liking the fellow. "All right, then, Master Hawk. Put. student of anyone not trained on Roke. The dark-eyed mage bowed his head at that, and said, "Very well," evidently with relief at accepting their judgment over his own. "Thorion has been much with the other Masters, and with the young men. Secret meetings, inner circles. Rumors, whispers. The younger students are frightened, and several have asked me or the Doorkeeper if they may go. And we'd let them go. But there's no ship in port, and none has come into Thwil Bay since the one that brought you, lady, and sailed again next day for Wathort. The Windkey keeps the

One arm hurt and had no strength in it..Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land,

upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria", or, "as lucky as an Irian". The masters and many tenants of the domain added its name to their own, calling themselves Irian. But though the farmers and shepherds went on from season to season and year to year and generation to generation as solid and steady as the oaks, the family that owned the land altered with time and chance. "She took my cup away," the Master of Iria said to the stranger, whining like a puppy, while his root cellar that night and the nights after. Neighbors who came at last to bury the rotting bodies.
