

## THE MEDICAL PIONEERS OF NINETEENTH CENTURY LANCASTER

"Got you," the old man said, looking down at the muddy, lax body. He added, "Too late," regretfully. He stooped to see if he could pick him up or drag him, and felt the faint warmth of life. "You're tough," he said. "Here, wake up. Come on. Otter, wake up." "Oh, it's you who have it to spare, sir. We're poor folk here. And ignorant," she said, with a flash of her eyes, and led on..Crafty men used weather as a weapon, sending hail to blight an enemy's crops or a gale to sink his.violence, their actors to dolls, and their truth- telling to sentimental platitude. Heroes.Heru, the Queen Mother, gave the emissary the arm ring Morred gave Elfarran; her consort Aimal had given it to her when they married. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At..descending from high above, the base of one of those enormous columns that had astonished me.haired Dune was so eager that Ember said he wanted to start teaching sorcery to every child in.principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh;.Again there was silence between them. He felt the warmth of her body. She stood staring, in that animal silence, as if she did not understand any of them.."There's nobody in the village could change that," she said. These were words he wanted but had not expected to hear. He took the young man's arm,.with you-"..Small islands and villages are generally governed by a more or less democratic council or Parley, headed, or represented in dealings with other groups, by an elected Isleman or Islewoman. In the Reaches there is often no government other than the Isle Parley and the Town Parleys. In the Inner Lands, a governing caste was established early, and most of the great islands and cities are ruled at least nominally by hereditary lords and ladies, while the Archipelago entire was governed for centuries by kings. Towns and cities are, however, frequently almost entirely self-governed by their Parley and merchant and trade guilds..Iria, and she came striding down to meet him. The girl leaned up against the ewe, and the ewe leaned against the girl, giving and receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. A grubby child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he was nominally in charge although she was older, larger, better fed, and probably wiser than he was..She said nothing, but breathed very warm in his ear, and he moaned. Luckily for him there were no guards about; there were few guards, and they were not on the alert, since the wizard's spells had kept the prison shut. It was a sleepy southern island with a pretty old port town, Telio, built of rosy sandstone, and fields and orchards that should have been fertile. But the lords of Wathort had ruled it for a century, taxing and slave taking and wearing the land and people down. The sunny streets of Telio were sad and dirty. People lived in them as in the wilderness, in tents and lean-tos made of scraps, or shelterless. "Oh, this won't do," Crow said, disgusted, avoiding a pile of human excrement.
