

WALTER GREENWOODS LOVE ON THE DOLE NOVEL PLAY FILM

The crazy bitch wielded it with such ferocity that the force of the impact with the floor, rebounding upon her, must have numbed her arms. She stumbled backward, dragging the chair, temporarily unable to lift it. Instead of engaging in the confrontation for which he had been pressing ever since his first visit, Vanadium surprised Junior by breaking eye contact, turning from the bed, and crossing the room to the door. After the stupid bastards read a newspaper or smoked a few cigarettes, they finally broke down the door. Satisfyingly dramatic: the crack of splintering wood, the crash. Bartholomew was dead but didn't know it yet. Pistol in hand, cocoon in tatters, ready to spread his butterfly wings, Junior pushed the door to the apartment inward, saw a deserted living room, softly lighted and pleasantly furnished, and was about to step across the threshold when the street door opened and into the hall came Ichabod. Agnes meant to stop Maria from turning the eleventh card, but her curiosity was equal to her apprehension. This momentous day. In every ending, new beginnings. But, thank God, no ending here. With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent. Throughout the evening, Barty and Angel sitting side by side and across the table from Paul listened to the adults at times and occasionally joined in the larger conversation, but primarily they talked between themselves. When the kids' heads weren't together conspiratorially, Paul could hear their chatter, and depending on what else was being discussed around the table, he sometimes tuned in to it. He picked up on the word rhinoceros, tuned in, tuned out, but a couple minutes later, he dialed back in when he realized that Celestina, sitting two places farther along the table from him, had risen from her chair and was staring in amazement at the kids. Frustrated on many levels, Junior hurried to a parking lot one block from the detective's office, where he'd left his new Chevrolet Impala convertible. This Chinese-red machine was even more beautiful when wet with rain than it had looked polished and pristine on the showroom floor. This time he didn't flip the quarter straight into the air. He tipped his hand, and with his thumb, he shot the coin toward Agnes. The beetle-green Pontiac waited in the driveway, with a shine that tempted nature to throw around some bad weather. Joey always kept a spotless car, and he probably wouldn't have had time to earn a living if he had resided in some shine-spoiling climate rather than in southern California. Junior attended a New Year's Eve party with a nuclear-holocaust theme. Festivities were held in a mansion usually hung with cutting-edge art, but all the paintings had been replaced with poster-size blowups of photos of ruined Nagasaki and Hiroshima. "Yes. Sodium chloride will work, too. Common salt. Mix enough of it with water, and it's generally effective." "That won't do it." Consequently, Edom was abroad in the land with pies and parcels, following a list of names and addresses provided by his sister, even though he believed an unprecedentedly violent earthquake, the fabled Big One, was likely to strike before noon, certainly before dinner. This was the last day of the rest of his life. Against the backdrop of granite monuments, Kaitlin hulked like a moldering presence from Beyond, risen out of a rotting box to take vengeance on the living. He kept the house, for it was a shrine to his life with Perri. He returned to it from time to time, to refresh his spirit. Twenty minutes later, at home, he poured sherry over ice. Sipping, he stood in the living room, admiring his two paintings. The detective was driven by this string theory of his, and maybe he also saw visions or even heard voices, like Joan of Arc. Joan of Arc with out beauty or grace, Joan of Arc with a service revolver and the authority to. In his car, currently a Mercedes, he made three trips between his apartment and the garage in which he'd stored the Ford van under the Pinchbeck name. He took precautions against being followed. Wally-Dr. Walter Lipscomb, who delivered Angel and who became her godfather-never worried when the girl seemed to be developing too slowly, counseling that every child was an individual, with his or her particular learning pace. Wally's double specialty--obstetrics and pediatrics-gave him credibility, of course, but Celestina had worried, anyway. "Bet I could, and sell it, too," she said. "I might not be as good at it as I am at teeth, but I'd be better than some I've read." As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again." Eventually Junior crossed the room to stand before Industrial Woman in all her scrap-metal glory. Her soup-pot breasts reminded him of Frieda's equally abundant bosom, and unfortunately her mouth, open wide in a silent shriek, reminded him of Frieda retching. Surprising himself more than anyone, Edom also presented his collection to the university. Out with tornadoes, hurricanes, tidal waves, earthquakes, and volcanoes; bring in the roses. He lightly renovated his small apartment, painted it in brighter colors, and throughout the autumn, he stocked his bookshelves with volumes on horticulture, excitedly planning a substantial expansion of the rosarium come spring. "And," Joshua cautioned, "you better prepare for a long day. I'm pretty sure Dr. Chan will want to consult with an oncologist." The fully evolved man never has to rely on the gods of fortune, Zedd tells us, because he makes his luck with such reliability that he can spit in the faces of the gods with impunity. Thus armored, he at last arrived in the city of Sacramento, an hour before dawn. Sacramento, which means "sacrament" in Italian and in Spanish, calls itself the Camellia Capital of the World, and holds a ten-day camellia festival in early March-already advertised on billboards now in mid-January. The camellia, shrub and flower, is named for G. J. Camellus, a Jesuit missionary who brought it from Asia to Europe in the eighteenth century. As Barty stepped across the threshold into the upstairs hall, Miss Pixie Lee said, "You're sweet, Barty. Nor could she begin to imagine the nature of the disaster that had befallen him, leaving his face looking blasted and loose at all its hinges. She had last seen him at Phimie's funeral. A few minutes ago at her doorstep, she'd recognized him only because of his port-wine birthmark. Simon Magusson-capable of representing the devil himself for the proper fee, but also capable of genuine remorse-visited Vanadium in the hospital, soon after learning that the detective had awakened from a coma. The attorney shared the conviction that

Cain was the guilty party, and that he'd also murdered his wife..Yet that evening, when she'd accepted his proposal and asked if he wasn't frightened, he said, "Not anymore..".Too much had happened in those rooms. They were stained dark with family history, and in the night, when either Edom or Jacob slept under that gabled roof, the past came alive again in dreams..When the long table was laden and the wine poured, when everyone but Mary settled into chairs, Angel said, "My daughter tells me she wants to make a short presentation before I say grace. I don't know what it is, but she assures me it doesn't involve singing, dancing, or reading any of her poetry." I.Maybe his pursuit of the matter sprang from mere curiosity, the desire to discover what a child of his might look like; however, if something else lay behind his interest, the motivation would not be benign. Whatever Cain's intentions, he would prove to be at least an annoyance to Celestina and the little girl-and possibly a danger..Getting out of the stuffy car into air much chillier than it had been when he'd left this place, Junior stood unsteadily as the police and the paramedics gathered around him. Then he led them through the wild grass to Naomi, moving haltingly, stumbling on small stones that the others navigated with ease..At one point late in the afternoon, as all three Hackachaks were hurling scorn and invective at Junior, he noticed Vanadium standing in the doorway, observing. Perfect. He pretended not to see the cop, and when next he sneaked a look, he discovered that Vanadium had vanished like a wraith. A thick slab of a wraith.. "Three hundred and ninety-six of the dead were children under the age of ten," Jacob continued. "A passenger train was tumbled off the tracks, killing twenty. Another train with tank cars got smashed around, and oil spilled across the flood waters, ignited, and all these people clinging to floating debris were surrounded by flames, no way to escape. Their choice was being burned alive or drowning."..Reluctant to leave Joey's body with the oddly jumpy mortician, Jacob nevertheless crossed the porch of the Victorian style funeral home and left without glancing back. He walked one mile home, alert to passing traffic, especially cautious at intersections..Although he didn't believe in destiny, in fate, in anything more than himself and his own ability to shape his future, Junior couldn't deny how extraordinary it was that this woman should cross his path at this precise moment in his life, when he was frustrated to the point of cerebral hemorrhage by his inability to find Bartholomew, confused and nervous about the phantom singer and other apparently supernatural events in his life, and generally in a funk unlike any he had ever known before. Here was a link to Seraphim and, through Seraphim, to Bartholomew..Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing..The prickly-bur ghosts of two little children didn't concern him. At worst, they were spiritual gnats..around an anemone's mouth, poised to snare, lazily but relentlessly, any passing prize..Evidently, the hero was accustomed to encounters of this nature. He rose, pulled out the unused fourth chair. "Please sit with us.".. "From 1604 through 1610, Erzebet Bathory, sister of the Polish king, with the assistance of her servants, tortured and killed six hundred girls. She bit them, drank their blood, tore their faces off with tongs, mutilated their private parts, and mocked their screams."..His throat was still so raw from the explosive vomiting, seared by stomach acid, that he sounded like a character from a puppet show for children on Saturday-morning television, hoarse and squeaky at the same time. If not for the pain, he would have felt ridiculous, but the hot and jagged scrape of each word through his throat left him unable to..With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him..For half an hour he studied Barty's eyes with various devices and instruments. Thereafter, he arranged an immediate appointment with an oncologist, as Joshua Nunn had predicted..The social worker's office once more. Rain tapping lightly at the window where Dr. Lipscomb had stared intently into the fog as he tried to avoid confronting the life-changing revelation that Phimie, speaking with the special knowledge of the once-dead, had shown him..Finished, she gave him a mirror, so he could admire his new bicuspid cap. After five years of dentistry, paced so as not to tax Nolly's tolerance, Kathleen had done well what nature had done poorly, giving him a perfect bite and a supernatural smile. This final cap was the last of the reconstruction.."Some men," she said, "wouldn't be able to sustain desire when their hands touched my back. I'll understand if you're one of them. It's not beautiful to the eye, and rough as oak bark to the touch. That's why I brought you here, so you'd know this before you consider where you want to go from ... where we are now."..glasses off the table. He seized one of the pewter candlesticks, as well, knocking the candle out of it..That night, in Barty's room, after Agnes had listened to his prayers and then had tucked him in for the night, she sat on the edge of his bed. "Honey, I was wondering.... Now that you've had more time to think, could you explain to me what happened?"..At the far end of the table, Agnes shot up from her chair as her son said rain, and as he said wet, she spoke warningly: "Barty!"..The artist, six feet four and two hundred fifty pounds, looked markedly more dangerous in person than in his scary publicity photo. Still in his twenties, he had white hair that fell limp and straight to his shoulders. Dead-white skin. His deep-set eyes, as silver-gray as rain with an albino-pink undertone, had a predatory glint as chilling as that in the eyes of a panther. Terrible scars slashed his face, and red hash marks covered his big hands, as though he'd frequently defended himself barehanded against men armed with swords..In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen..Just as Celestina snapped shut the latches on the suitcase and turned to the door, a nurse's aide entered, pushing a cart loaded with towels and bed linens..On he went, up he went, trunk to limb, limb to branch, branch to limb, to limb, to trunk. Hand over hand up the vertical parts, gripping with his knees, then standing and walking like a tightrope artist along limbs horizontal to the ground, swinging over empty air and stepping from one woody walkway to another, ever upward toward the highest bower, dwindling as though he were growing younger during the ascent, becoming a smaller and smaller boy. Forty feet, fifty feet, already far higher than the house, striving toward the green citadel at the summit..Grace declined food, but Tom ordered for her, anyway, selecting those things that by now he knew Celestina liked, guessing that the mother's taste had shaped the daughter's..Wonderful. Oh, perfect. So Neddy, a friend

of Celestina's, knew that Junior, reputed to be a vicious sadist, had attended this reception under a false name. If Junior really was a sleazy pervert of such rococo tastes that he would be shunned even by the scum of the world, even by the deranged mutant offspring of a self-breeding hermaphrodite, then surely he was capable of murder, too..Junior closed his eyes at once and let his jaw sag, breathing through his mouth, feigning sleep..Victoria lay faceup on the floor. The nurse was no longer as lovely as she had been, and perhaps because of early rigor mortis, her grace, which had initially been evident even in death, had now deserted her..At the conclusion of the ceremony, he relinquished his secondhand sight. He would live in darkness until Easter of 1986, though every minute of the day was brightened by his wife..Shortly after six o'clock, Saturday morning, she stirred from a fretful dream and saw Barty sitting up in bed, reading..Friday morning, Junior resigned his position as a physical therapist at the rehabilitation hospital. He expected to be able to live well off interest and dividends for the rest of his life, because his tastes were modest..The stumpy ghost departed the sliding stairs at the second floor and walked off into women's sportswear..When at last the caller spoke again, her voice sounded a kingdom away: "Will you tell Bartholomew ... ?".After Victoria had departed, Junior lay smiling at the ceiling, floating on Valium and desire. And vanity..Maria's hand tamed, the card turned, and another knave of spades revolved into view, snapped against the table..He had experienced considerable self-revelation during the past eighteen hours, but of all the new qualities he had discovered in himself, Junior was most proud of the realization that he was such a profoundly sensitive person. This was an admirable character trait, but it would also be a useful screen behind which to commit whatever ruthless acts were required in this dangerous new life he'd chosen..He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea.."He'll just think I'm an incompetent detective. If he comes around wanting his five hundred bucks back, I'll give it to him."..The moment that the roof of the car vanished beneath the water, Junior hurried away, retracing on foot the route he had driven. He didn't have to go all the way back to Vanadium's place, only to the dark house where he'd left Victoria Bressler. He had a date with a dead woman..Although he ate more meals in restaurants than not, he hadn't ordered a burger in twenty-two months, since finding the quarter embedded in the half-melted slice of cheddar, in December of '65. Indeed, since then, he'd never risked a sandwich of any kind in a restaurant, limiting his selections to foods that were served open on the plate.."Frozen firing pin," Cain said. His smile was venomous. "I worked on it. I hoped you'd get here in time to see the consequences of your stupid games."..Yet had the obstacles been piled twice as high, the time had come to put into words what they felt for each other and to decide what they intended to do about it. Celestina knew that in depth and intensity, as well as in the promise of passion, Wally's love for her equaled hers for him; out of respect for her and perhaps because the sweet man doubted his desirability, he tried to conceal the true power of his feelings and actually thought he succeeded, though in fact he was radiant with love. His once-brotherly kisses on the cheek, his touches, his admiring looks were all still chaste but ever more tender with the passage of time; and when he held her hand-as in the gallery this evening-whether as a show of support or simply to keep her safely beside him in a crosswalk on a busy street, dear Wally was overcome by a wistfulness and a longing that Celestina vividly remembered from Junior high school, when thirteen-year-old boys, their gazes filled with purest adoration, would be struck numb and mute by the conflict between yearning and inexperience. On three occasions recently, he seemed on the brink of revealing his feelings, which he would expect to surprise if not shock her, but the moment had never been quite right..On Sunday, New Year's Eve, Edom and Jacob came for dinner. Following dessert, when Barty went to his room to continue reading Starman Jones, which he had begun late that afternoon, Agnes told her brothers the truth about their nephew's eyes..A cause now apparent, the fear explained, Agnes held her baby more tightly. So new to the world, he seemed already to be slipping away from her, captured by the whirlpool of a demanding destiny..Near midnight, she returned to her apartment. Lights out, in bed, staring at the ceiling, she was unable to sleep..A s?ance was what it appeared to be at first. Eight people were gathered around the dining-room table, which stood utterly bare. No food, no drinks, no centerpiece. They all exhibited that shiny-faced look of people nervously awaiting the revelations of a spirit medium: part trepidation, part soaring hope..After a hesitation, she said, "You're the boogeyman, except when I saw you, I was hiding under the bed where you're supposed to be."..On the other hand, one needed to believe in something. Junior didn't clutter his mind with superstitious nonsense or allow himself to be constrained by the views of bourgeois society or by its smug concepts of right and wrong, good and evil. From Zedd, he'd learned that he was the sole master of his universe. Self-realization through self-esteem was his doctrine; total freedom and guiltless pleasure were the rewards of faithful adherence to his principles. What he believed in-the only thing he believed in-was Junior Cain, and in this he was a fiercely passionate believer, devout unto himself. Consequently, as Caesar Zedd explained, when any man was clearheaded enough to cast off all the false..Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied..At 3:22 in the morning, December 13, following a busy day of conducting ghost research, seeking Bartholomeus in a telephone book, and working on his needlepoint, Junior awakened to singing. A single voice. No instrumental accompaniment. A woman..Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those

who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do. break and conversation among the customers fell into a lull. When the bar phone rang, though it was muted, he heard it at his table. Before Celestina probed and perhaps touched upon a sore tooth of truth, Tom launched into the story of King Obadiah, Pharaoh of the Fantastic, who had taught him all he knew about sleight of hand. Of course, there was no possibility whatsoever of 'drawing four identical jacks from combined decks that had been exquisitely manipulated and meticulously arranged by a master mechanic-unless the effect of the jacks was intended, which in this case it was not. The odds couldn't be calculated because it could never happen. No element of chance was involved here. The cards in that stack should have been as predictably ordered-to Jacob-as were the numbered pages in a book. His first word after mama was papa, which she taught him while showing him pictures of Joey. His third word: pie. "I sure think so. I think she's everything. I tell her she's the moon and stars. I'm probably spoiling her rotten." Turning his patched eyes in the general direction of his mother, Barty said, "Oops." Life was too short to waste it working if you had the means to afford lifelong leisure. When Paul arrived with a Christmas gift, Perri was abed, wearing Chinese-red pajamas, reading Jane Austen. A clever contraption of leather straps, pulleys, and counterweights assisted her in moving her right arm more fluidly than would otherwise have been possible. A lap stand held the book, but she could tam the pages. Late Monday afternoon, September 19, Junior returned wearily to his apartment, from another fruitless investigation of a Bartholomew, this one across the bay in Corte Madera. Exhausted by his unending quest, depressed by lack of success, he sought refuge in meditation. He didn't wonder about his sanity, either, as a less self-improved man might have done. No madman strives to enhance his vocabulary or to deepen his appreciation for culture. His first year in San Francisco was an eventful one for the nation and the world. Winston Churchill, arguably the greatest man of the century thus far, died. The United States launched the first air strikes against North Vietnam, and Lyndon Johnson raised troop levels to 150,000 in that conflict. A Soviet cosmonaut was the first to take a space walk outside an orbiting craft. Race riots raged in Watts for five fiery days. The Voting Rights Act of 1965 was signed into law. Sandy Koufax, a Los Angeles Dodger, pitched a perfect game, in which no hitter reached first base. T. S. Eliot died, and Junior purchased one of the poet's works through the Book-of-the-Month Club. Other famous people passed away: Stan Laurel, Nat King Cole, Le Corbusier, Albert Schweitzer, Somerset Maugham.... Indira Gandhi became the first woman prime minister of India, and the Beatles' inexplicable and annoying success rolled on and on. "It's not scary," said Mary. "I just step into another place for a little, and then back. It's just like going from one room to the next. I can't get stuck over there or anything." She looked at Barty. "You know how it is, Dad." Tommy James and the Shondells, good American boys, had a record farther down the charts-"Hanky Panky"-that Junior felt was better than the Beatles' tune. The failure of his countrymen to support homegrown talent aggravated him. The nation seemed eager to surrender its culture to foreigners. Then he looked up at the massive limbs overhead, and the mood changed: A sense of impending insight at once gave way to the fear that an unsuspected fissure in a huge limb might crack through at this precise moment, crushing him under a ton of wood, or that the Big One, striking now, would topple the entire oak. "Don't worry, love. I'll make sure the snap's are constructed so you can get it off me easily enough." Nolly adored her laugh, so musical and girlish. He would have made all sorts of a fool out of himself, anytime, just to hear it. EARLY CHRISTMAS EVE, gallery brochure in hand, Junior returned to his apartment, puzzling over mysteries that had nothing to do with guiding stars and virgin births. "Thank you, Dr. Lipscomb. I'll keep track of what you're losing every month, and someday I'll pay it back to you." slow breaths, and then she pointed at the windshield. "The hospital's that way." Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from." Furrowing her brow and narrowing her eyes as though prepared to scold him, she slowly lowered her face to his, until their noses were touching, and she whispered, "Because it's more fun if it's secret." Testing Celestina's nerves as fully as Barty had tested his mother's, Angel pulled-levered -shinnied-swung herself so fast up through the tree, arriving at the boy's side while red streaks still enlivened a sky that was repainting itself purple. She stood in the crook of limbs with him, and her delighted laughter rang down through the cathedral oak. 1975 through 1978: Hare ran from Dragon, Snake fled from Horse, and '78 bounced to the beat, because disco ruled. The reborn Bee Gees dominated the airwaves. John Travolta had the look. Rhodesian rebels, grasping the dangers inherent in any battle between equals, had the manful courage to slaughter unarmed women missionaries and schoolgirls. Spinks won the title from Ali, and Ali won it back from Spinks. "Well, it's true," he said, finally turning the key in the proper direction and firing up the engine. Their story would be that Cain's gun had jammed just as Tom had entered Barty's bedroom. Too cowardly for hand-to-hand combat, the Shamefaced Slayer had fled through the open window. He was loose once more in an unsuspecting world. A cold wind raised a haunting groan as it harried itself around and around in the bronze hollow of the bell atop the church steeple, shook dead needles from the evergreens, and resisted Paul's progress with what seemed to be malicious intent. Miles ago, between the towns of Brookings and Pistol River, he had decided that he wouldn't again walk this far north at this time of year, even if the guidebooks did claim that the Oregon coast was a comparatively temperate zone in winter. To celebrate, upon leaving the gallery, he went to the coffee shop in the Fairmont Hotel, atop Nob Hill, determined to have a beer and a cheeseburger. knew Phimie died in childbirth, not an accident, and Max's instincts told him rape. I explained to your dad why Cain was the man. I wanted whatever information he might have. But I suppose ... sitting there, looking at my face, he decided that Cain is indeed the biggest hornet's nest ever, and he didn't want to put his daughter and granddaughter at greater risk than necessary. "When your hands are bigger," Tom agreed, "I'm sure you could. In fact, one day I'll teach you." Foreword
